Structa Wire Corp. is pleased to announce an Exclusive Joint Warranty Program for our products with Sto Powerwall™ Stucco Systems

Structa Wire Corp. is excited to announce an exclusive joint warranty program with Sto Corp for their US markets. The Sto/Structa program is the first to offer a system warranty that includes metal reinforcement.

The following Structa Wire products are now covered in a StoPowerwall Stucco System warranty:

- Structalath Twin Trac
- Structalath Twin Trac with Chrom-EX™
- Megalath
- Megalath with Chrom-EX™
- V-Truss Corner with Chrom-EX™

Structa Wire products are innovative and offer many advantages over standard lathing products. The easy installation, reduced cracking and enhanced corrosion resistance of Chrom-EX™ versions will serve to enhance the affordability and performance of Stucco through-out the United States.
